EGERTON UNIVERSITY ALUMNI ASSOCIATION

Egerton University Alumni Association was formed in February, 1984, by former students with the following objectives:

- to promote the image, integrity and principles of Egerton University as an institution of higher learning especially in the field of agriculture;
- to disseminate agricultural information to the rural areas so as to enhance agricultural development in Kenya;
- to promote the exchange of socio - cultural ideas among the Alumni and the University community through the organisation of related seminars, tours and meetings;
- to solicit for support from the public and private sectors to further develop the University;
- to acquire and disseminate information on employment opportunities for the Alumni;
- to reward students/Alumni for exemplary scholarship;
- to promote qualitative research activities within the University;
- to enhance the publication and dissemination of educational materials within the University;
- to encourage and finance selected student socio-cultural activities such as sports, arts exhibitions, music and the establishment of agricultural archives in the University;
- to organize such income generating activities as dances, films and auctions with the aim of raising funds for the development of the University; and
- to be involved in decision making processes in the University.

Membership to the Association is open to the following:

- all graduates of the College/University on payment of a registration fee of one hundred shillings (KSh. 100);
- senior academic/administrative staff in the University.

Honorary membership can be extended to anybody who has contributed significantly to the objectives of the Association.

Inaugurated at the time when the college was about to be transformed into University-College status, the Association played a significant role by offering advice to the "Ayany Commission" which was appointed by the government to work out the modalities of upgrading the College into a University

The Association was quite instrumental in reviewing the former diploma courses with the aim of either maintaining them or upgrading them into degree programmes.

The Association also made tangible recommendations on the future administrative structure of Egerton College in its new role as a University. Besides that the association featured prominently in the review of the terms of service for staff.

The association instituted the credit transfer provision, which was effected at the beginning of 1993 for the Diploma holders of the College who enrol for degree programmes in the University.

The EUAA - Secretariat which falls under the Office of the deputy Vice-Chancellor, Academic affairs Admissions block Room 3 welcomes all newly graduated Alumni as well as the old ones to join the Association.

A BRIEF HISTORY OF EGERTON UNIVERSITY

Egerton University started as an agricultural school in 1939 when it admitted the first three students in makeshift premises. Today it is an acknowledged degree awarding institution with a reputation as a centre of excellence in agricultural education and extension. It also offers various courses in the natural sciences, the arts and the social sciences.

The University has three campuses. The main campus (Njoro Campus) is located 180 kilometres north west of Nairobi and 30 kilometres from Nakuru on a 1445 - hectare piece of land donated by the late Lord Egerton of Tatton (320 in 1939 and 1,125 in 1958). Situated at an altitude of approximately 2,250 metres, with an excellent climate, and in an ideal locality, this campus provides a conducive academic atmosphere.

The first three students of the institution were ex-world war II British servicemen who required basic training in agriculture prior to settling in Kenya Highlands. The mode of instructions at Egerton remained informal until the mid 1940's when a formal nine month certificate course was introduced. The school was subsequently elevated to an agricultural college. A diploma programme was initiated in 1949. In 1955 an act of parliament appointed a board of governors to manage the college.

The Egerton College Acts was amended and the board re-organised. This made the College accessible to none - Europeans in 1961. Prior to that, the college had remained an exclusive preserve for the Europeans.

The second campus (Laikipia College Campus) is located near Nyahururu town, some 45 kilometres from Nakuru on a 365 hectare piece of land formerly occupied by Laikipia Teachers College. This college, *inter alia*, offers Bachelors degree in Education (Arts). The third campus (Kisii College Campus) is situated three kilometres from Kisii town on a 24 hectare piece of land formerly occupied by Kisii Teachers College. The College offers Postgraduate Diploma in Education to aspiring secondary school teachers.

The college became a fully fledged University in 1987. It now has 8,000 students and a teaching staff of 600
